# **14500 solar container lithium battery pack 3 7**

## Overview

---

What is soshine battery Li-ion 14500 AA?

Soshine Battery Li-ion 14500/AA: 3.7V 900mAh,Soshine Battery 3.7v 900mAh 4x Li-ion 14500/AA,Soshine is specialized in the production and development of battery and charger. Focusing on the flashlight batteries and chargers, consumer batteries and chargers, portable power, solar power supply.

What are the performance advantages of Li ion battery 3.7V 500mah 14500?

The performance advantages of li ion battery 3.7v 500mah 14500 batteries surpass those of nickel-cadmium and lead-acid batteries in the market. Their high density enables manufacturers to produce more compact devices with extended operation capabilities.

What is a 14500 cell battery?

or use this form to request a quote. 14500 cell has same size as an AA size battery, but has 3 times higher voltage. It is perfect for building battery packs for RC aircraft, RC cars, and RC robots. (1) The batteries should be stored at room temperature, charged to about 30% to 50% of capacity.
