

NKOSITHANDILEB SOLAR

Africa rooftop flat solar tile solution

Overview

What are SolteQ Solar Roof Tiles in South Africa?

SolteQ Solar Roof tiles in South Africa refer to 2 kWp solar roof tiles installed by E-Power Technologies with an ABB Grid-tied Inverter.

What are solar roof tiles?

Solar roof tiles replace regular roofing tiles with solar tiles, these are in effect solar panels that are able to use photovoltaic cells in order to convert sunlight into electricity. Marley solar roof tiles are uniquely effective in their use of solar tiles for roofs, with a host of features that make them more efficient than regular solar.

What types of roof tiles do Marley Roofing South Africa offer?

From our popular M11 & M22 Double Roman Interlocking Concrete Roof Tiles to our new innovative PV Solar Tiles and Slates, we've got you covered! Marley Roofing South Africa - from our trusted M22 & M11 Double Roman Roof Tiles to our innovative, Solar Tiles and Eco-Tuff Range, we've got you covered!.

Can solar shingles be used on asphalt roofs?

Yes, solar shingles can be used on asphalt roofs. They blend seamlessly with asphalt roofs while generating electricity. These photovoltaic tiles contain silicon cells that convert sunlight into power, just like conventional panels - but without the bulky mounting systems.
