

NKOSITHANDILEB SOLAR

Algiers Solar Panel Assembly

✓ 50KW/100KWH

✓ HIGHER POWER OUTPUT
IN OFF-GRID MODE

✓ CONVENIENT OPERATION
& MAINTENANCE

✓ PRE-WIRED

Overview

How many solar panels are there in Algeria?

“In total, Algeria has an assembly capacity of 500 MW for solar modules, which is expected to increase to 600 MW to 700 MW by the end of 2025,” said Clean Power’s Bakli. Alongside Zergoun, the manufacturer Lagua Solaire has 200 MW of annual capacity for solar panel production in Algeria.

Where will solar panels be made in Algiers?

According to Cerefe, the factory under construction in the industrial zone of Boukherana, near Chelghoum El Aid (400 km from Algiers), will be commissioned before the end of 2020. It belongs to Milltech which plans to supply 100 MWp of solar panels per year.

How much does solar power cost in Algeria?

Algeria’s Hamdi Eurl won two 80 MW plants and domestic PV panel maker Zergoun, alongside Ozgun, secured 80 MW in Guerara. The 19 projects represent an investment of €1.8 billion (\$1.96 billion) and the solar power prices proposed by the bidders ranged from €0.54/W to €0.81/W, with an average price of €0.625/W.

How can Algeria achieve its energy objectives?

Algeria is putting in place major means to achieve its energy objectives, notably the production of electricity from solar energy. According to the first annual report of the Commissariat for Renewable Energies and Energy Efficiency (Cerefe), two new factories for the production of solar panels will soon see the light of day in Algeria.
