What is a 3KW inverter?

Sale! 3kw inverter with a wall mountable lithium battery to keep lights on and family happy, entertainment and wifi guaranteed to keep going for 4hrs. The system will keep your Security lights, cctv and electric fence active for your safety. Can run kettle or microwave as well but remember its just for back up.

Is a 6 kW inverter worth it?

The combination of these two things means that it's probably not worth your while having a system at 6 kW. A 5 kW inverter will be the most cost effective. And the extra 1 kW of panels means that you'll get best use out of your inverter - it will spend more time running at its peak output.
