# **Bangkok Battery Energy Storage Container Factory**

## Overview

---

Who is Thai Energy Storage Technology plc?

THAI ENERGY STORAGE TECHNOLOGY PLC. Formerly “Thai Storage Battery Company Limited” was found in 1986 and became a public company limited in 1994. It has become one member of Hitachi Chemical Group in September 2017 and changed the company name to “Hitachi Chemical Storage Battery (Thailand) Public Company Limited” by the time of 3rd January 2019.

How many kWh are in a battery storage container?

Each battery energy storage container unit is composed of 16 165.89 kWh battery cabinets, junction cabinets, power distribution cabinets, as well as battery management system (BMS), and the auxiliary systems of distribution, environmental control, fire protection, illumination, etc. inside the container; the battery container is 40 feet in size.

Will energy absolute invest in Thailand?

Energy Absolute is in talks with the Board of Investment (BOI) in Thailand to discuss ways to support the company's growth. The BOI is currently holding a roadshow in China to attract leading battery cell manufacturers to invest in Thailand as part of the country's plan to establish itself as an electric vehicle manufacturing hub.

Are battery manufacturers eligible for tax incentives in Thailand?

Battery manufacturers will receive significant tax incentives in Thailand. They are eligible for a 90% reduction in import duty for materials used in production and a full import duty exemption for research materials. Additionally, those with investment privileges will receive subsidies for investment, research, and personnel training.
