Bulk purchase of 100-foot folding containers

Overview

What are duragreen® collapsible bulk containers?

DuraGreen® collapsible bulk containers are space-saving containers engineered for durability and longevity. These containers are made of high-density polyethylene (HDPE), a durable material that will protect your products throughout the duration of the container's life.

What size is a collapsible bulk container?

Our collapsible bulk containers are available in various sizes and offer capacity ranges for medium-duty, heavy-duty, or extra-heavy-duty applications. 32" x 30" bulk containers are ideal for handling, storing, and moving various dense small-to-medium-sized parts.

What is a bulk container used for?

Constructed of heavy-duty materials, bulk containers can also be used to ship and transport goods. Available in wire, collapsible, forklift-able, pallet, stackable, or insulated forms, bulk containers provide reliable and durable storage and shipping solutions for commercial and industrial applications. And more. And more. .

What is a 40 x 48 bulk container?

40" x 48" bulk containers are ideal for protecting your product during processing, storage, and distribution in various industries. Originally designed by the grocery industry as a durable and reusable replacement for wooden pallets, the 40" x 48" bulk container has become the standard for truck trailers and international shipping containers.
