

**NKOSITHANDILEB SOLAR**

# **Canadian aluminum acid solar container battery company**

## Overview

---

### Who is Canadian Solar?

Over the past 24 years, Canadian Solar has successfully delivered over 15 GW of premium quality, solar photovoltaic modules to customers. Since entering the project development business in 2010, Canadian Solar has developed, built, and connected over 12 GWp of solar power projects and 6 GWh of battery energy storage projects across the world.

### Is Canadian Solar a sustainable company?

**2024 SUSTAINABILITY REPORT** As a global leading renewable energy company, Canadian Solar aims to power the world with solar energy and to create a cleaner Earth for future generations. From 2017 to 2024, Canadian Solar achieved reductions in GHG emissions, energy, water, and waste intensities of 54%, 37%, 75%, and 53%, respectively.

### What is a battery energy storage solution?

Our Battery Energy Storage Solutions (BESS) are designed for seamless integration, optimizing project performance and economics. We prioritize meticulous project sizing and minimize capital expenditure through strategic augmentation.

### How many GWh of battery energy storage solutions has e-storage deployed?

To date, e-STORAGE has deployed more than 7 GWh of battery energy storage solutions across the United States, Canada, the United Kingdom, and China. Our team is the heart of our success, and we invite ambitious individuals to join us in shaping the future of energy storage solutions.
