Cuba Tool Battery Replacement Company

Overview

Who makes power tool batteries?

BAK Power, which started in 2001, is another prominent manufacturer of power tool batteries. It has headquarters in Shenzhen, China. The company mainly manufactures and supplies prismatic, pouch, and cylindrical cells. There are three facilities in Zhengzhou, Shenzhen, and Chengdu and 5 sales centers worldwide.

What is a power tool battery?

A power tool battery is a type of rechargeable battery designed to power portable power tools. Our power tool batteries are designed to match or exceed the manufacturers requirements for these tools. Assembled from only high quality Japanese cells, these tool batteries will hold up to the worst conditions and continue to perform.

Which battery pack fits with my power tool coredless vacuum cleaner?

All our battery packs fits perfectly with its power tool coredless vacuum cleaner or robot sweeper. Compare to other replacement batteries, EnnoTool put extra quality checks in place to ensure your battery gives you comparable performance as your OEM battery. Save 1/2 of the cost while enjoying high performance as same as original batteries.
