Dakar integrated solar street light

Overview

Why should you choose integrated solar street lights?

Integrated solar street lamp promotes safety for drivers as their illuminance is greater than traditional street lights. You can install them effectively on main roads, highways, rural roads, and roadways. Installation is very easy and price per street light unit is cheaper than other brands.

What is Thor series solar street light?

THOR Series is the 2022 latest design Integrated solar street light, die-casting aluminum lamp body with black color with detachable battery box and cob led lights, customized size acceptable for your project. Classic all-in-one design, by using Philips led chip (150lm/w) with LiFePO4 lithium battery, well-favored by the market.

What is the best solar street light?

MHL can achieve 12 hours of full brightness without dimming mode to keep it super bright for the whole night to meet your project needs. FL Series - Super Bright All-in-one Solar Street Light to light up Africa. Classic all-in-one/integrated design, well-favored by the market. By using Cree led chip (150lm/w) with LiFePO4 lithium battery.
