

**NKOSITHANDILEB SOLAR**

# **Doha s new solar panel manufacturer**

## Overview

---

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project, underscoring its growing leadership in renewable energy infrastructure. Will Qatar build a solar plant in Dukhan?

Qatar invests in renewable energy, building a solar plant in Dukhan. (Credit: QatarEnergy) Qatar's future is looking solar with a new solar plant project on the way. The country's first large-scale solar power plant, Al-Kharsaah Solar PV Power Plant, covers an area of 10 square kilometres.

What is Qatar's first large-scale solar power plant?

The country's first large-scale solar power plant, Al-Kharsaah Solar PV Power Plant, covers an area of 10 square kilometres. The 800 megawatt (MW) plant was inaugurated in October 2022 to support Qatar's electricity demand for FIFA World Cup Qatar 2022™. You might also like: Qatar to build one of the world's largest solar power plants.

How many solar panels does Qatar have?

Spanning 270—equivalent to 3,790 football fields—the massive site will be fitted with 2.74 million solar panels. Upon completion in 2030, the plant will generate enough electricity to power approximately 750,000 households, even considering Qatar's high per-capita energy use.

What is Qatar's largest solar power project?

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project, underscoring its growing leadership in renewable energy infrastructure. Commissioned by QatarEnergy, the 2,000MW Dukhan Solar Power Project represents the largest capacity solar facility ever undertaken by a Korean construction company.
