

**NKOSITHANDILEB SOLAR**

# **Energy Storage and Power Generation Equipment Exhibition**

## **GRADE A BATTERY**

LiFepo4 battery will not burn when overchargedover discharged,  
overcurrent or short circuitand canwithstand  
high temperatures without decomposition.

## Overview

---

The 32nd China Shanghai International Exhibition on Electric Power Equipment and Technology, Energy Storage Technology Application & Hydrogen Energy Expo (EP Shanghai 2025) will be held from November 18-20, 2025, at the Shanghai New International Expo Center. When is China International Electric Power Equipment & Technology Exhibition (EP Shanghai 2025)?

The 32nd China International Electric Power Equipment and Technology Exhibition (EP Shanghai 2025) will be grandly held from November 18 to 20, 2025, at the Shanghai New International Expo Center.

What is Electric Power Expo?

It is a significant event in the electric power industry featuring environmental technology, power equipment, energy storage, and electric vehicle infrastructure, attracting 60,000 visitors and 1,800 exhibitors.

What is a power plant exhibition?

The exhibition covers a vast array of fields, including environmental technologies and equipment, production equipment, machinery, and raw materials for power/electrical products, as well as substation, distribution, and power storage equipment, and transmission and conductive equipment.

What is the 32nd China Shanghai International Exhibition?

Order official tickets or book your stand for The 32nd China Shanghai International Exhibition on Electric Power Equipment and Technology, Energy Storage Technology Application, Hydrogen Energy Expo, Shanghai, China. The main exhibition in the industry of Power energetics, resources conservation in 2025. Trade show for industry professionals.

## Energy Storage and Power Generation Equipment Exhibition
