Era solar container outdoor power

Overview

How much power does Era solar produce?

At present, ERA solar has successfully mass-produced monocrystalline and polycrystalline solar modules with power ranging from 50W to 670W. With the most advanced automatic production equipment and two factories based in Zhejiang and Anhui, we can ensure timely and flexible delivery.

What's new at Era solar?

On Ap, Manager Mou of the ERA SOLAR Sales Department was interviewed by Southern.com. During the interview, Manager Mou introduced the company's three new products: TOPCon bifacial solar panel, flexible solar panel, and portable power station.

Who is Era solar?

Relying on ERA Group's strong background and rich resources, ERA solar was established in 2006. For the past 19 years, ERA solar has been committed to the green solar energy field, and has always adhered to the practice and exploration in PV industry.

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.
