## Overview

---

How much does a circuit breaker installation cost?

The installation of a circuit breaker involves more than just the purchase of the unit, encompassing the setup and configuration within the electrical system. Typically, the installation costs range from £40 to £70 per hour, with the total cost influenced by the complexity of the task and the professional fees in your area.

What types of circuit breakers are available?

Circuit breakers, Thermal circuit breakers, Thermal magnetic circuit breakers and other passive components from industry-leading manufacturers, in stock and ready to ship today. The right components for tomorrow's success.

How much does a GFCI breaker cost?

Simple single-pole breakers typically range between £10 and £20, while more advanced types, such as GFCI and AFCI breakers, can cost more. Factors like brand, specifications, and suitability for your specific system also play a significant role.

What brands of breakers are in stock?

We have a huge selection of breakers in stock. Eaton, Mem, Schneider, Square d, Bill, Federal Electric and other brands. We are selling RCBOs, RCDs, MCBs, Industrial Breakers, Timers, Contactors and etc. If you are looking for a discontinued, rear replacement for your electrical board please contact us.
