Floor battery cabinet

Overview

What is a cellblock battery storage cabinet?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

What is a battery cabinet?

Battery cabinets are a convenient storage solution that encourages staff to maintain the correct handling and storage procedures. By charging and storing batteries in the one location, you are reducing the likelihood of batteries being lost, stolen, damaged or left in unsafe conditions (such as outdoors).

What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accomodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.
