# Household emergency lighting solar lamp

## Overview

---

What are LuminAID solar lanterns used for?

LuminAID solar lanterns are used for quick illumination in an emergency. They have been used by thousands after Hurricanes Maria, Harvey, and Irma and for disaster relief around the world. LuminAID's intuitive design makes it easy to carry, hang, or place.

Are LuminAID solar lanterns good for disaster relief?

LuminAID's solar lantern technology was invented for humanitarian aid, and all of our products are designed to meet the specifications of disaster relief. LuminAID solar lanterns have been used after major hurricanes and by nonprofits in over 100 countries.

How should I choose an emergency lantern?

When choosing an emergency lantern, consider construction, brightness, and durability. LuminAID's lanterns have a 2-year storage life in the solar battery, are 100% waterproof and dustproof, and even float in water. Longevity is also an important factor to consider.

What is the best solar emergency flashlight generator?

For a multifunctional option, the 3 in 1 Solar Emergency Flashlight Charger Hand Crank Generator is equipped with a hand crank for charging and a built-in radio for added functionality. If you need a reliable charging source during emergencies, the 20000 mAh Portable Solar Charger Power Bank & Flashlight is a popular choice.
