How much does a collapsible off-grid container cost for port use

Overview

How much does a shipping container cost in 2024?

Let's get into the shipping container market prices for 2024. The prices show substantial variations that depend on container conditions and locations. The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500.

How much does a 40 ft shipping container cost?

Used 40ft shipping containers cost on average \$2,000 to \$4,500 for standard and \$2,500 to \$5,000 for a 40 ft high cube, while new 40ft containers cost \$3,500 to \$6,500 and \$4,000 to \$7,000, respectively. Use our public search tool to compare prices and find the perfect shipping container for your needs.

Are new shipping containers more expensive than used?

New containers are typically more expensive as they are in perfect condition and ready for long-term use. Used containers are less costly but have some wear and tear. Shipping container sizes and prices are directly linked to each other. The price also depends on how well the container has been maintained over time.

How much does a shipping container cost in 2025?

The 2025 shipping container prices range from \$500 for simple used units to \$8,000 for specialized options. The market has become more stable after a rough period. Drewry's World Container Index shows \$2,499 for a standard 40ft container. Used containers cost more in the first quarter of 2025 because they're harder to find.
