

# How to install the baffle of the new energy battery cabinet

## Overview

---

How do I connect a battery cabinet to a power system?

Procedure 1. Furnished with the battery cabinet are battery disconnect circuit breaker alarm lead assemblies. Refer to the power system installation manual to use these alarm leads to connect the battery cabinet battery disconnect circuit breaker alarm into the power system alarm circuits.

How do you put a 4th Battery in a cabinet?

Place another inner battery spacer next to the third battery. 9. Set fourth battery in cabinet (being careful of the door fastener tabs hanging down) and attach the other end of the fast-on lugged cable to the negative terminal on the third battery (fast-on terminal).

How do I install a VDC battery cabinet?

Set first battery in cabinet and attach the long lead (fast-on connector side marked positive) from the cabinet to the fast-on terminal on the positive terminal of the battery. See Figure 24. Facing left Facing right Facing left Vertiv™ NetSure™ 211 SERIES -48 VDC Battery Cabinet Installation & User Manual (Section 6023) Rev. L 23 Figure 24:.

How do you attach a battery cabinet to a relay rack?

Secure the battery cabinet to the relay rack with the provided 12-24 x 1/2" hex head thread-forming screws (six per side) (P/N 218710500) and #12 ground washers (three per side) (P/N 2156406 00). Torque these connections to 35.0 in-lbs. Wall Method **WARNING!**
