How to set up a wireless outdoor base station

Overview

How do I set up a Wyze base station?

In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Wi-Fi Network. Follow the on-screen steps to finish the setup. Now that your Wyze Base Station is all set up, it's time to add your Wyze Cam Outdoor. Move on to the next article, Wyze Cam Outdoor Setup Guide.

Why should you choose TP-Link outdoor wireless base station?

With its centralized management platform and high degree of flexibility, it is the ideal choice for providing point-to-point, point-to-multipoint, and outdoor Wi-Fi coverage. The TP-LINK Outdoor Wireless Base Station pairs professional performance with user-friendly design, making it the perfect solution for both business and home users.

Can I use Wyze base station on a Wi-Fi Connection?

Once it's set up, you can use Wyze Base Station on a Wi-Fi connection - no need for a router. To do this: In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Change Connection. You'll see one of the following screens: Select your network.

How do you install an outdoor access point?

The Process of Outdoor Access Point Installation Use a marker pen to mark the location of the installation holes on the wall. Use an impact drill to drill holes in the wall according to the marked positions. Use a hammer to tap the expansion bolts vertically into the hole. Fix the bracket on the wall with four M6 screws.
