Huawei ASEAN Energy Storage Power Design

**2MW / 5MWh
Customizable**

Overview

Who launched ASEAN Energy Data Centre?

Launching of the ASEAN Energy Data Centre, formalised by Dr Nuki Agya Utama, Executive Director of ACE, and Mr. Jin Song, CEO of Digital Power Business Indonesia, PT. Huawei Tech Investment.

How does Huawei support ASEAN's energy goals?

With a focus on sustainability, Huawei is committed to supporting ASEAN's energy goals by providing cutting-edge technologies that promote efficiency, reliability, and the development of green, smart infrastructure across the region.”.

How will Huawei's Next-Generation Data Centre support ASEAN's Digital Economy?

Huawei officials showcased their DC and smart solar photovoltaic products, as well as some successful examples of projects undertaken in various regions. The next-generation data centre facility will support ASEAN countries in nourishing their growing digital economy while keeping on track with their net zero or energy transition roadmap.

What is Huawei digital power?

Driven by innovation, Huawei Digital Power is committed to helping partners build green, simple, smart, and reliable next-generation data centres. To jointly build the ASEAN Energy Data Centre with ACE, Huawei adopts efficient and energy-saving product solutions to improve data center energy efficiency.
