

**NKOSITHANDILEB SOLAR**

# **Hungarian lighting solar lamp one for two**

## Overview

---

Why should you choose heisolar for a commercial solar-LED lighting system?

HeiSolar focuses on the high-quality commercial solar-led lighting system. We supplied thousands of solar street lighting systems for the UN project in past years. For commercial solar lighting, it must be with a high spec of LiFePO4 battery and a solar panel that can ensure light works at 100% brightness for 12 hours.

What is a split-type solar street light?

R7 Series Split-type Solar Street Light 40w-300w (LiFePO4 battery with aluminum battery box separated, under the solar panel or hung on the pole. Now We have developed a full range of Split-type and all-in-two solar street light which covers different powers from 20W to 300W.

How does heisolar street lighting work?

Every HeiSolar solar-powered street lighting system comes complete with a self-contained solar power assembly sized to run the specified solar light fixture as per the requirements set by the customer.
