

Inverter 6kw price

Overview

How much does a Growatt 6kW inverter cost?

The exact price of Growatt 6kw inverter may differ depending on the location and supplier, but on average, you can expect to purchase this inverter within the price range of \$1,000 to \$1,500. Bear in mind that this price normally includes the inverter unit itself, but installation and other additional parts costs may not be included.

Is a 6 kW inverter worth it?

The combination of these two things means that it's probably not worth your while having a system at 6 kW. A 5 kW inverter will be the most cost effective. And the extra 1 kW of panels means that you'll get best use out of your inverter - it will spend more time running at its peak output.
