

NKOSITHANDILEB SOLAR

Liechtenstein lead-acid battery energy storage container manufacturer

GEL Battery

Lithium Battery

Container storage system

Power Battery

Overview

What makes libattion a good battery storage company?

Libattion's battery storage guarantees a stable and regular power supply. Our systems are fire-safe and fully certified. We customize commercial energy storage for your needs and budget. Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce.

What is a lithium battery storage & energy management system?

With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business. Our BMS-certified, fire-protected commercial energy storage systems help energy-intensive sectors like agriculture, logistics, recycling and manufacturing meet their ESG commitments.

Why should you use lithium battery storage & energy management?

Safe. Circular. Powerful. Libattion produces industrial energy storage solutions that set a new standard for quality, sustainability, and safety. With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business.
