

NKOSITHANDILEB SOLAR

Luxembourg City Folding Container Mobile Lighting

Overview

What is a mobile light tower?

A mobile light tower is a temporary area lighting system built to be easily deployed for application where optimal visibility is crucial and grid-connected fixed lighting is costly or difficult to install.

What is a mobile light box?

With a robust yet lightweight aluminium and ABS frame that snaps into place once plugged together, customisable and foldable textile prints and brilliant LED lighting, the Mobile Light Box will transform your trade fair presence. Amaze your customers every time you switch on your Mobile Light Box.

Where can I hire mobile lighting towers in Northern Ireland?

With depots in Cookstown, Castlereagh, and Mallusk, KDM Hire provides easy access to mobile lighting towers for hire throughout Northern Ireland. Whether you need tower lights for an event, construction site, or emergency response, we offer fast, convenient collection or delivery to ensure your site remains well-lit.

What is a mobile lighting column?

Mobile lighting columns are 360° lighting systems that use powerful LED spotlights to illuminate large areas. They are powered from the mains, or via a rechargeable lithium-ion battery or hybrid system, unlike lighting towers, which are usually powered by generators.
