

NKOSITHANDILEB SOLAR

Luxembourg Solar Power Inverter

Overview

Why should you choose a solar & thermal renovation company in Luxembourg?

Our integrated solutions help homeowners and businesses in Luxembourg reduce energy bills, increase property value, and achieve long-term sustainability. We guide you through every step – from design to installation – and assist with subsidies and tax incentives, making your switch to solar and thermal renovation smooth and affordable.

How powerful is a SIGEN PV inverter?

More powerful than ever. Boasting up to 4 MPP trackers for optimal energy harvesting and a robust Max 16A MPPT current, Sigen PV Inverter ensures complete coverage of all PV panels in a roof scenario. With a DC/AC ratio of up to 2, it achieves superior efficiency, maximizing power yield for a more sustainable energy solution.

Why should you choose SIGEN solar inverter Max?

Straightforward Solar. Choose Sigen PV Inverter Max for your solar system when you're certain you won't need battery storage in the future. Efficient while reliable, our inverter is simple to install and easy to manage. More powerful than ever.

Is voltmax a good solar company?

I can highly recommend Voltmax, if you are looking for a solar solution, the company is very responsive, professional and friendly. I can only say positive things about the company, from the team that came to install our panels to the contact person Jakub. Many thanks. Competent, friendly and knowledgeable salespeople.
