# Malaysia solar Glass Factory

## Overview

---

Where will solar glass be made in Malaysia?

China-based Kibing Group is set to establish a large solar glass manufacturing plant in Kimanis, Sabah, approximately 40 kilometers from Kota Kinabalu, the state capital in Malaysia.

Where is TCO glass made in Malaysia?

NSG Group announced the warm up of a newly converted TCO (transparent conductive oxide) facility in Malaysia. In this investment, an existing float line at the Johor Bahru factory of Malaysian Sheet Glass SDN BHD, a member of NSG Group, has been converted to begin producing TCO glass starting in December.

Will Malaysian Sheet glass supply TCO glass for solar panels?

A float line at the Johor Bahru factory of NSG's Malaysian Sheet Glass will install online coating capacity soon and start shipping TCO glass for solar panel manufacture after the facility is in operation. It is anticipated that the supply from the converted line will commence in March 2024.

Why did first solar invest in a float line in Johor Bahru?

In this investment, an existing float line at the Johor Bahru factory of Malaysian Sheet Glass SDN BHD, a member of NSG Group, has been converted to begin producing TCO glass starting in December. This investment is to support First Solar's expansion strategy, which has a long-standing strategic partnership with NSG Group.
