

NKOSITHANDILEB SOLAR

New Zealand heat dissipation solar panel manufacturer

Overview

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems — all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust — so your installs are faster, easier, and more profitable.

What is photo voltaic thermal (PVT) solar?

SUNZ is proud to introduce the latest Photo Voltaic Thermal (PVT) solar panel technology to the New Zealand market. Powertherm hybrid solar panels are the world's first commercially available hybrid solar panel, combining solar power and solar heat generation into one highly efficient solar energy system for your home.

Are Sunz solar water heating systems a good investment?

SUNZ solar water heating systems were ranked as the top two performing units in an independent performance report for the EECA \$1000 grant scheme, and can supply up to 90% of your hot water needs, reducing your annual electricity bills by as much as 35%!.

Who are the leading manufacturers of solar power?

We've partnered with industry leading manufacturers such as Fronius, REC, Victron, Tesla Powerwall, Phono Solar, BYD, Freedom Won, Shoto, Hopergy, S-5! and Tigo to deliver a wide range of solutions to our clients and to meet the needs of domestic, commercial, industrial, off-grid and utility scale solar power solutions.
