Nigerian Folding Container Mobile Type

Overview

What is karmod Nigeria?

Karmod Nigeria produces premium portable cabins (portacabins), prefab buildings and modular containers of different shapes and sizes. Our portable cabins can be fused to form an office area that can be divided by partitioning walls into different functional areas.

What is a container office?

Our container offices are made with durable, high-quality materials that meet national. Container buildings are demounted structures suitable for different usage purposes, which is one of the modular building systems products. They are produced in a short time in a factory environment ready for turnkey use.

What are container use areas?

Some of the container usage areas are as follows. They can be used as container house, summer house, winter house, vineyard and highland house for the lands. Also modular container buildings can be used in container villa design and production for more luxurious living spaces.
