Outdoor Power Timing

Overview

What is an outdoor timer?

Outdoor timers control the timing of outdoor electrical appliances or devices, such as outdoor lights, sprinkler systems, holiday decorations, and other outdoor electrical devices.

What types of outdoor timers are available?

BN-LINK Outdoor Timer Outlet Series, including Heavy Duty Digital Programmable Timer, Mechanical Programmable Dual Outlet Timer, and Smart Wifi Outlet Timer. Easy to set up and Weatherproof rated for extra protection against the elements for great versatility and functionality.

Do you need a timer for exterior light control?

Many families enjoy using permanent light strips to decorate their outdoor spaces, either for aesthetics or for lighting purposes. However, no one likes seeing expensive electricity bills, and no one wants to go outside every night to turn off the lights before bed. That's a hassle. But our timers can be the perfect exterior light control solution.

Why should Australians choose a timer?

Australians should also prioritise timers known for their durability, energy efficiency, and compliance with local electrical standards. These factors ensure the timers function effectively outdoors, offer long-term reliability, and contribute to significant energy savings.
