Papua New Guinea s new solar container outdoor power

Overview

Which Papua New Guinea provinces have solar panels?

Explore Our Solar Energy Projects. TAG Energy has installed solar systems in most of Papua New Guinea's provinces and districts, specifically the Southern Highlands Province, Western Highlands Province, Central Province, East New Britain, Autonomous Region of Bougainville, Samarai Murua District, Popondetta, and the National Capital District.

What is the Pokpok solar project?

Designed to provide sustainable and reliable energy to the Pokpok region, the project features 50.4kW of solar panels, hybrid inverters, and battery storage systems totaling 71.68kWh to manage energy flow. This project will power 8 households, 2 classrooms, and 1 health center, bringing essential energy to this remote community.

Who entrusted the EPC of the Pokpok nerania solar project?

TAG Energy was entrusted with the EPC of the Pokpok Nerania Solar Project. Designed to provide sustainable and reliable energy to the Pokpok region, the project features 50.4kW of solar panels, hybrid inverters, and battery storage systems totaling 71.68kWh to manage energy flow.
