# Power outage inside the new energy battery cabinet

## Overview

---

How much energy can a PWRcell Battery Cabinet store?

Get up to 18 kWh of stored energy from a single PWRcell Battery Cabinet, plus solar panels continue generating power from the sun. You can be without lights, AC, Wi-Fi, and refrigeration for hours or even days.

Why should you consider a solar battery cabinet?

Power outages can leave you without lights, AC, Wi-Fi, and refrigeration for hours or even days. To prepare for such outages, caused by severe weather, an unreliable grid, or Public Safety Power Shutoffs (PSPS), consider getting up to 18 kWh of stored energy from a single PWRcell Battery Cabinet. Additionally, solar panels can continue generating power from the sun.

Does PWRview have Outage Guard?

PWRview is equipped with Outage Guard to help you prepare your home for storms and potential outages by automatically charging up your battery when severe weather is forecasted.

What is Outage Guard?

Outage Guard is a feature that tracks the weather for potential outage-causing events. It helps ensure your system has maximum charge in case an outage does occur.
