# **Price of a 10kW collapsible container for US airports**

## Overview

---

What are collapsible shipping containers?

While shipping containers are typically thought of as containers to be used for shipping, collapsible shipping containers bring a whole new angle. Collapsible shipping containers are very similar to regular shipping containers. The difference in the collapsible ones is that they are just that, collapsible.

What size is a collapsible bulk container?

Our collapsible bulk containers are available in various sizes and offer capacity ranges for medium-duty, heavy-duty, or extra-heavy-duty applications. 32" x 30" bulk containers are ideal for handling, storing, and moving various dense small-to-medium-sized parts.

Can collapsible bulk containers be stacked upright or collapsed?

All of our collapsible bulk containers can be stacked upright or collapsed — saving you valuable warehouse space, whether the bins are in use or in storage. Our collapsible bulk containers are available in various sizes and offer capacity ranges for medium-duty, heavy-duty, or extra-heavy-duty applications.

How much does a 40 ft shipping container cost?

Used 40ft shipping containers cost on average \$2,000 to \$4,500 for standard and \$2,500 to \$5,000 for a 40 ft high cube, while new 40ft containers cost \$3,500 to \$6,500 and \$4,000 to \$7,000, respectively. Use our public search tool to compare prices and find the perfect shipping container for your needs.
