# San Diego imported inverter manufacturer

Support Customized Product

## Overview

---

Who makes power inverters?

EPC Power is the only manufacturer in North America producing grid-scale power inverters. A power inverter is a device that converts electricity between AC (Alternating Current) and DC (Direct Current). AC electricity is the type that powers our homes through power lines, while DC electricity is commonly supplied by batteries.

Who makes micro inverters?

Enphase, the pioneer of the micro inverter concept, is a globally leading manufacturer as well as supplier of micro inverters. They rank among TIER-1 companies. They are also known for revolutionizing power generation on a global scale. Mr. Raghu Belur and Mr. Martin Fornage established the brand jointly in 2006 in California (USA).

Who makes Solis inverters?

Founded in 2005, Ginlong Technologies, the manufacturer of Solis inverters, is the only publicly traded company with a primary focus on string inverters. Stock Code: 300763.SZ.

Who is GreenTech renewables San Diego?

Build better energy systems and gain a competitive advantage with Greentech Renewables San Diego, CA. Located in San Diego, CA, Greentech Renewables San Diego is a trusted local resource for all of your solar equipment, product expertise, and sales support needs. From system design to commissioning, we're here to help.
