# **San Jose Shopping Mall solar Curtain Wall Manufacturer**

## Overview

---

Why should you choose sunframe curtain wall products?

SUNFRAME's curtain wall products are of innovative design and exceptional performance, ideally suited for modern buildings. And with AS2047 and AS4284 certifications, AAMA Certifications, you can rest assured of the highest quality and safety. Browse our selection and find the perfect enhancement for your construction project!.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

What is a curtain wall?

Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels.
