

# Sanvalley PV Inverter

## Overview

---

Who is Sun Valley Solar?

Passionate. Experienced. Committed. At Sun Valley Solar, we bring our passion and expertise directly to your doorstep. Our team, equipped with years of experience, top-tier training, and a deep understanding of solar technology, is committed to providing solutions tailored to your unique needs.

What types of solar systems does Sun Valley solar solutions offer?

Sun Valley Solar Solutions offers two types of systems: Pre-Engineered solar packages and custom engineered systems. With nearly 8,000 installations across Arizona, we have an intimate understanding of where size and maximum savings align for the majority of Arizona homes.

Why should you choose Sun Valley solar solutions?

At Sun Valley Solar, we ensure that our teams have access to the industry's best technical training. With roots in engineering, we understand that true excellence comes from training, experience, and dedication to craft. When you choose Sun Valley Solar Solutions, you'll get the best and most knowledgeable team in Arizona. HONED THROUGH EXPERIENCE.

How do I contact Sun Valley Solar?

We run a full in-house service team consisting of field technicians, as well as two project coordinators and three dedicated case managers. We are available M-F 7AM-4PM at 480-689-5050, or via email at: [service@sunvalleysolar.com](mailto:service@sunvalleysolar.com). Limited after-hours and weekend emergency services are available by calling our main line 480-689-5000, extension #4.
