Solar panel solar container power supply system in Auckland New Zealand

Overview

Where can I install solar panels in New Zealand?

We provide solar installations in Auckland, Northland, Waikato, The Bay of Plenty and throughout the rest of New Zealand. With local installers and partners supporting both urban and rural properties.

Who is New Zealand solar power?

New Zealand Solar Power is a NZ owned and operated company that provides solar power solutions to Kiwi homes and businesses. Our approach is simple: Determine whether solar is right for our clients and design a tailored solar power solution to meet their needs. 2025 © New Zealand Solar Power Ltd | All rights reserved. New Zealand Solar Power Ltd.

How much do solar panels cost in NZ?

Solar panels cost very little in NZ and offer a reliable source of power for water pumps, lighting, security cameras and alarms, remote communications, security gates, signage billboards, light houses, and on-site container offices. Wherever you need power, we can design off-grid solar systems perfect for your needs.

Can New Zealand banks install a solar power system?

Thanks to New Zealand banks jumping on board the renewable energy bandwagon - a solar power system is now more achievable than ever. Trust Solarcraft, The Solar Energy Professionals, for your Solar Power Installation. Hassle free, from start to finish. We are your sole point of contact during your solar system installation
