

## **NKOSITHANDILEB SOLAR**

# **Solar panels produced in Papua New Guinea**

## Overview

---

Who is png solar supply?

This project highlights the company's ability to bring sustainable energy to even the most isolated regions of the country. PNG Solar Supply is proudly Papua New Guinean-owned and operated and has supplied 23 projects across PNG, providing much-needed employment opportunities for local communities.

What makes png solar supply unique?

This unique business model allows the company to contribute both to energy sustainability and educational growth in PNG. One of PNG Solar Supply's flagship projects is the Kanabea Mini-Grid, located deep in the hinterlands of Gulf Province.

Can solar replace fossil fuels in Papua New Guinea?

The potential for solar to replace fossil fuels in Papua New Guinea is high, according to Lighting Papua New Guinea, which has played a key, pivotal role in multilateral efforts to promote and foster solar and renewable energy investments and use in Papua New Guinea.

Is Papua New Guinea the perfect climate for solar?

According to Rick Hooper, Chief Executive Officer of Sydney-based solar company, Barefoot Power, Papua New Guinea has the perfect climate for solar energy. This makes it the key to achieving an ambitious government plan to bring electricity to the 70 per cent of Papua New Guineans who currently don't have access by 2030.
