

NKOSITHANDILEB SOLAR

Taipei Solar Air Conditioning

 *easy to install and use*

 *World wide Products*

 *faster charging and discharging*

 *Multiple protection with alarm systems*

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO4

Overview

How a solar power plant works in Taiwan air conditioning industry?

Via this cooperation, SAS and Hitachi jointly build the single largest solar power plant in Taiwan air conditioning industry. Not only cells and modules are made in Taiwan, the power plant is also constructed in Taiwan locally, thus reducing the carbon footprint of each production phase from the beginning.

What is a solar air conditioner?

Deye's innovative solar air conditioner series represents a breakthrough in sustainable cooling technology, combining eco-friendly operation with powerful performance. Our solar air conditioners are designed to significantly reduce electricity costs while providing reliable cooling even in the most challenging environments.

What's new at Taipei 3C?

The "20th Taipei 3C Computer, Appliance, Air Conditioner, and Audio-Visual Exhibition" kicked off today (30th) at the Taipei World Trade Center. TECO Electric & Machinery showcased several new products, including the industry's first AI household air conditioner and the hybrid solar HVAC, with a focus on energy-saving and sustainability.

Is TECO a leading brand in Taiwan's air conditioning market?

As a leading brand in Taiwan's air conditioning market, TECO showcases two groundbreaking products: the AI household air conditioner and the hybrid solar HVAC.
