# Tariff rate for energy storage batteries in Benin

✓ 100KWH/215KWH

✓ LIQUID/AIR COOLING

✓ IP54/IP55

✓ BATTERY 6000 CYCLES

## Overview

---

How much does it cost to electrify Benin?

The remaining 8-42% is expected to gain electricity access through mini-grids or stand-alone systems. The total investment cost required to achieve universal electrification in Benin by 2030, ranges from 1.2 to 5.9 billion USD, depending on the level of service provided and technology cost developments.

Does Benin levy VAT?

A Valued Added Tax (VAT) of 18% is levied in Benin on all activities except salaries and agriculture-related activities, and customs duties are due on imported goods at the importation point of entry. The VAT is refundable to sellers and importers that claim it at the end of the fiscal year.

Is Benin a member of ECOWAS?

Benin is a member of the Economic Community of West African States (ECOWAS) which includes Burkina Faso, Cote d'Ivoire, Gambia, Guinea-Bissau, Guinea (Conakry), Ghana, Liberia, Mali, Niger, Nigeria, Senegal, Sierra Leone, and Togo. As of January 2015 ECOWAS started the implementation of the "Tarif Extérieur Commun" (a Common External Tariff - CET).
