Uninterruptible power supply battery rbc

Overview

What is an APC replacement battery cartridge (RBC)?

This APC Replacement Battery Cartridge (RBC) is designed for complete compatibility with your APC UPS. APC replacement batteries are tested and approved for restoring the UPS performance to its original specifications. The RBC is a VRLA battery with a 2-year warranty.

Are uninterruptible power supplies and battery backup the same thing?

It's common to assume that uninterruptible power supply (UPS) and battery backup are the same things, but they are very different. UPS refers to an advanced version of battery backup, another way of saying it is, that all the uninterruptible power supplies are battery backups but with higher protection rates.

What is a replacement battery cartridge (RBC)?

Replacement battery cartridges (RBC) for Back-UPS, Smart-UPS and Smart-UPS on-line. Genuine APC RBC (TM) are tested and certified for compatibility to restore UPS performance to the original specifications. Get monthly updates from Schneider Electric delivered right to your inbox.

What is an RBC in APC?

APC Installation Instructions An RBC is a Replacement Battery Cartridge for an Uninterruptible Power Supply (UPS). A UPS is a battery backup power source. RBC Assemblies come complete with all required connectors, cable, fuses and metal enclosures where applicable.
