

Wellington Power Plant Energy Storage Project

Overview

Where is the Wellington Battery energy storage system located?

The Wellington BESS will be located within the CentralWest Orana REZ. Image: Ampyr Australia. Renewable energy developer Ampyr Australia has secured Shell Energy Australia's remaining stake in the 1GWh Wellington battery energy storage system (BESS) in New South Wales.

What is the Wellington Battery energy storage system (BESS)?

The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW), Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW. AMPYR Australia, a renewable energy assets developer in the country, owns 100% of the BESS project.

Will Wellington Bess be the largest battery storage project in NSW?

Once operational, it will have a capacity of 1,000-megawatt hours (MWh) of green power. This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road, Wuuluman NSW 2820.

Will fluence energy deliver a 300 mW / 600 MWh battery storage system?

Fluence Energy to deliver a 300 MW / 600 MWh battery storage system for AMPYR Australia's first grid-scale BESS project in Wellington, NSW.

Fluence Energy to deliver a 300 MW / 600 MWh battery storage system for AMPYR Australia's first grid-scale BESS project in Wellington, NSW.

The Wellington BESS will be located within the CentralWest Orana REZ. Image: Ampyr Australia. Renewable energy developer ...

Project Overview AMPYR is developing the Bulabul Battery in Wellington, Central West New South Wales, to support Australia's transition to a cleaner, more reliable energy future. Bulabul ...

The Wellington Battery Energy Storage System comprise up to 6,200 pre-assembled battery enclosures with lithium-ion battery packs and associated equipment, ...

Ampyr Australia, the local arm of Singapore-based developer Ampyr Energy, has achieved financial close for its 300 MW / 600 MWh Wellington stage one battery energy ...

Fluence Energy to deliver a 300 MW / 600 MWh battery storage system for AMPYR Australia's first grid-scale BESS project in Wellington, ...

Fluence Energy to deliver a 300 MW / 600 MWh battery storage system for AMPYR Australia's first grid-scale BESS project in Wellington, NSW.

7/8/2025 Fluence Chosen for 300 MW/600 MWh Wellington Battery Energy Storage System The project will include the full suite of Fluence's innovative storage products, including Gridstack(TM)

The Wellington BESS will be located within the CentralWest Orana REZ. Image: Ampyr Australia. Renewable energy developer Ampyr Australia has secured Shell Energy ...

7/8/2025 Fluence Chosen for 300 MW/600 MWh Wellington Battery Energy Storage System The project will include the full suite of Fluence's ...

SYDNEY, Australia, 8 July 2025 -- AMPYR Australia (AMPYR) today announced it has achieved financial close of its 300 MW / 600 MWh Wellington Stage 1 battery energy storage system ...

A mega-battery project in NSW is moving ahead. Construction is set to begin on the first stage of the Wellington Battery Energy Storage System [BESS] in Central West NSW. The ...

SYDNEY, Australia, 8 July 2025 -- AMPYR Australia (AMPYR) today announced it has achieved financial close of its 300 MW / 600 MWh ...

Project Overview AMPYR is developing the Bulabul Battery in Wellington, Central West New South Wales, to support Australia's transition to a ...

A mega-battery project in NSW is moving ahead. Construction is set to begin on the first stage of the Wellington Battery Energy Storage ...

Ampyr Australia, the local arm of Singapore-based developer Ampyr Energy, has achieved financial close for its 300 MW / 600 MWh ...

Fluence Chosen for 300 MW / 600 MWh Wellington Battery Energy Storage System for AMPYR Australia Julian Nebreda, President and Chief Executive Officer, Fluence, and Alex ...

The Wellington Battery Energy Storage System comprise up to 6,200 pre-assembled battery enclosures with lithium-ion battery packs ...

The "Tesla Megapack" Effect: Lessons from Global Projects Remember when South Australia's Hornsdale Power Reserve (aka the Tesla Big Battery) slashed grid stabilization ...
