What brand of solar energy is good

Overview

Based on our analysis, Maxeon offers the best solar panels, followed by VSUN, REC, Qcells, and Canadian Solar. Each scored well overall, but the best one for you depends on your home's specific needs. Why should you choose the best solar panel brands?

With the growing demand for renewable energy, solar panel brands have become an essential investment for homeowners, businesses, and industries. Choosing the best solar panel brands ensures high efficiency, durability, and long-term savings. With multiple brands available in the market, making the right choice can be challenging.

What is the best solar panel brand in 2025?

With so many options on the market, choosing the top solar panel brand in 2025 comes down to understanding your specific needs and goals. For those seeking peak efficiency and longevity, SunPower and LG Solar are industry leaders. If affordability is your priority, JinkoSolar, Canadian Solar, and LONGi offer excellent choices.

What are the best solar panel companies?

In terms of efficiency, brands such as Maxeon, Panasonic, LONGi, QCells, Silfab and REC are all potentially good options. We compared some of the best solar panel companies on efficiency ratings, warranty coverage, availability and reviews: » [MORE: Best solar phone chargers.](#)

Which EnergySage solar panel is best?

REC is a longtime favorite among EnergySage shoppers, probably because of its relatively low price per watt and impressive specs. Out of our top brands, REC offers the best bang for your buck: The Alpha Pure 410-watt panel maintains efficiency above 22%, and it has solid 25-year performance and product warranties.
