

NKOSITHANDILEB SOLAR

Wholesale solar power station in Canberra

Overview

Does solarhub Canberra offer a complete solar and battery system?

I recently had a complete solar and battery system installed by SolarHub Canberra (20.68kW solar capacity, 48kWh SigenStore battery stack, 30kW Sigenenergy inverter with full-home backup) and couldn't be happier with the experience. Tom Steer, the sales manager, was.

How many solar panels are installed in Australia?

As experts in the area, we've installed more than 12,000 solar systems in our city and more solar batteries than anyone else under the Next Generation Energy Storage Program. The ACT has the most ambitious renewable energy target within Australia, having already reached their 100% renewable energy target.

What is a solar rebate in Canberra?

This program helps Canberra's pensioners and veterans install energy efficient products in their home, such as solar PV systems, air conditioners and hot water heat pumps. Eligible homeowners can receive a \$2,500 rebate after a solar installation, as well as another \$2,500 rebate after a hot water heat pump or air conditioner installation.

Who is Solahart Canberra?

We specialise in providing top-quality solar power systems for both residential and commercial clients throughout Canberra, the ACT, and surrounding areas in New South Wales, including Murrumbateman, Yass, Cooma, Bungendore, Crookwell, and Jindabyne. At Solahart Canberra, we understand the immense potential of solar energy.
